PLAYING THE GAME

HOW IT WORKS

Three Card Poker is a fun and easy to learn game. You can win more than your original wager depending on how good your hand is.

The game starts with the player placing an Ante and/or Pair Plus wager. After the wager has been placed you will be dealt three cards face down. Once you received your cards you will then decide to place a Play wager (equal to the Ante wager) or fold.

If the dealer has a hand of Jack-high or less, the Play wager is returned to the player. The Ante wager will be paid 1:1. If the dealer has a hand of Queen-high or better, both the Play and Ante wager are paid 1:1 on all winning hands.

Pair Plus	Payouts
